Scavenger Hunt

In small groups, students have a list of 34 common items that they will have to collect in a given amount of time. To do this, they will need to ask other students in class if they can borrow an item.

This request may involve a little trading, and since the groups are competing against each other as well as against the clock, there's going to be a lot of activity (and noise) for a while.

This lesson is guaranteed to bring any class to life and it only takes about 25 minutes!
