

Video Lessons Galore

[EFL Classroom 2.0](#) is now totally free and open for all teachers and students.

Part of this is the site [EFL Video Lessons](#). There you can scroll through a player with recommended videos for a specific category or CEFR level. Also, each video comes with a lesson plan and materials on EFL Classroom 2.0. Hundreds! Even download the video (in most cases) for offline viewing.

Enjoy using the site EFL Video Lessons. Like Teaching Recipes - my contribution to our most wonderful profession.
